Report date: 2026-09-13 · Report date/observed: 2026-09-13

Scope notice. This report is based on public-web research and direct analysis of your publicly accessible website unless authenticated analytics are separately provided. It identifies evidence-led opportunities and risks. It does not guarantee rankings, traffic, leads, sales, or revenue. Some measurements require Search Console, web analytics, CRM, or website access and are identified as validation items.

Executive Summary — Key Decisions

Decision 1 — P2 [VALIDATE FIRST]

Observation: Visible public results for "custom screen printing company t-shirt apparel" are mostly screen-print service pages (Apparel Globe, Rad Print Co, Main Street Shirt Company) with method/FAQ/minimum/pricing sections format (observed 2026-09-13); Appleimprints has a customer-owned page (<https://appleimprints.com/>; <https://appleimprints.com/about/>) that should bridge this intent to the stated goal (more sales-revenue).

Commercial consequence: Buyers searching "\"custom screen printing company t-shirt apparel\" expect a dedicated Appleimprints-owned page (target <https://appleimprints.com/>; <https://appleimprints.com/about/>; <https://appleimprints.com/equipment/>) that answers the intent in the screen-print service pages (Apparel Globe, Rad Print Co, Main Street Shirt Company) with method/FAQ/minimum/pricing sections format; today that page does not yet cover this query, so decision-ready visitors for Custom screen printing, embroidery, DTG and DTF apparel decoration (t-shirts, polos, hoodies, hats) may not reach the quote/CTA. Adding it converts an existing visible demand signal into a capture point for more sales-revenue.

First action: Add clear pricing/cost guidance or a quote path to <https://appleimprints.com/>; <https://appleimprints.com/about/>; <https://appleimprints.com/equipment/>; <https://appleimprints.com/cpsia-compliance/>, so buyers can compare be

Why VALIDATE FIRST: larger or higher-risk change; run a smaller page/content test first to prove demand before committing.

Confidence: Medium · **Evidence:** SRP-001

Decision 2 — P2 [VALIDATE FIRST]

Observation: Visible public results for "custom embroidery service company polo shirts pricing" are mostly embroidered polo / custom embroidery pricing + setup-fee pages (Kustom Imprints, Rush Order Tees, Neatko, Embroidery Inc, Custom Ink) format (observed 2026-09-13); Appleimprints has a customer-owned page (<https://appleimprints.com/>; <https://appleimprints.com/about/>) that should bridge this intent to the stated goal (more sales-revenue).

Commercial consequence: Buyers searching "\"custom embroidery service company polo shirts pricing\"" expect a dedicated Appleimprints-owned page (target <https://appleimprints.com/>; <https://appleimprints.com/about/>; <https://appleimprints.com/equipment/>) that answers the intent in the embroidered polo / custom embroidery pricing + setup-fee pages (Kustom Imprints, Rush Order Tees, Neatko, Embroidery Inc, Custom Ink) format; today that page does not yet cover this query, so decision-ready visitors for Custom screen printing, embroidery, DTG and DTF apparel decoration (t-shirts, polos, hoodies, hats) may not reach the quote/CTA. First 7-Day Win

ACT-001 — Build a Appleimprints-owned page that answers "custom screen

Owner: Content / SEO · **Completion:** Live customer-owned page <https://appleimprints.com/>; <https://appleimprints.com/about/>; <https://appleimprints.com/equipment/>; answers "\"custom screen printing company t-shirt apparel\" with the screen-print service pages (Apparel Globe, Rad Print Co, Main Street Shirt Company) with method/FAQ/minimu

Why first: low-cost, reversible, on a high-intent customer-owned page — validates the wider action plan before bigger spend.

Investment Decision Matrix

DO NOW

No zero-cost quick actions; all require small, reversible customer-owned changes.

VALIDATE FIRST

- ACT-001 — Build a Appleimprints-owned page that answers "custom screen (validate demand/lower-risk first)
- ACT-002 — Build a Appleimprints-owned page that answers "custom embroi (validate demand/lower-risk first)
- ACT-003 — Build a Appleimprints-owned page that answers "custom hoodie (validate demand/lower-risk first)
- ACT-004 — Publish or improve a customer-owned page answering "custom screen printing company t-shirt apparel" (validate demand/lower-risk first)
- ACT-005 — Publish or improve a customer-owned page answering "custom embroidery service company polo shirts pricing" (validate demand/lower-risk first)

DEFER / DO NOT PRIORITISE YET

Broad content production, external links, redesign or new tool builds are deferred until the highest-value customer-owned pages are proven.

What Not To Prioritise Yet

Beyond the actions above, avoid broad content or link/redesign spend until the documented customer-owned page gaps move the visible decision; validate with the first customer-measured signal. Competitor or external pages are treated as evidence only, never as work targets.

Commercial Opportunity Model

Value lever: demand capture (relevant buyer question / page / result pattern) and page clarity (offer / CTA / intent route).

Publicly observable evidence now: custom screen printing company t-shirt apparel -> screen-print service pages (Apparel Globe, Rad Print Co, Main Street Shirt Company) with method/FAQ/minimum/pricing sections; custom embroidery service company polo shirts pricing -> embroidered polo / custom embroidery pricing + setup-fee pages (Kustom Imprints, Rush Order Tees, Neatko, Embroidery Inc, Custom Ink); custom hoodie printing company bulk order wholesale -> custom hoodie / bulk apparel printing pages (AM Custom Clothing, Kodiak Wholesale, CustomNia, Printful) emphasizing no-minimum/bulk pricing and embroidery

Client data required to quantify upside: sessions, impressions, CTR, CTA clicks, lead/order rate (GSC / GA4 access when provided).

Assumptions only — never a forecast guarantee. Show the formula and data requirement rather than a number when data is absent.
